

Available stock assemblies are listed below. These are the standard boxes with Tier 8: for sidewalks, paved pedestrian areas or areas not subject to full vehicular traffic.

Also available – Tier 15 and Tier 22 ratings; designed for driveways, parking lots and off-roadway applications subject to occasional non-deliberate heavy vehicular traffic.

Boxes with different depths, special features or in different sizes are available on request or can be made to order.

Boxes can be ordered with or without integral bottoms and covers are available with or without bolting capability.
